1. INTRODUCTION

- 1.1. Universal American School's Mission is to Nurture a Community of Integrity and Academic Excellence. Our Vision is to become the Leading American International School in the Region. These two guiding principles help us to be inclusive and ambitious; we want every student to become the best possible version of who they already are!
- 1.2. Universal American School (UAS) offers a robust American and International Curriculum. In Elementary School, we use the IB Primary Years Programme as an instructional framework to teach the New York State Standards (NYSS). In grades 6-10 students are provided the opportunity to explore a variety of course offerings aligned to the NYSS. In Grades 11 and 12 students can choose the IB Diploma Programme or a combination of the College Board's Advanced Placement courses as well as American Curriculum courses.
- 1.3. In all American Curriculum courses, UAS employs the New York State Standards.
- 1.4. Beginning in Grade 8, students begin to develop a four-year graduation plan. In this process, they can explore different pathways to graduation based on what they intend to study in university. This plan is adjustable and is reviewed every year.
- 1.5. The academic year runs from September to July. New students can be admitted to UAS at any time including and/or during the course of the academic year if a place is available (subject to KHDA guidelines and MOE Equivalency guidelines in High School).
- 1.6. UAS does not discriminate against any child or family. All children are welcome to apply to UAS, regardless of nationality, ethnicity, or religion. UAS is a truly inclusive, American International School.

2. AIM OF THIS POLICY

- 1.1. **The aim of this policy is to identify and admit children who will benefit from an academic education and who will contribute to and benefit from the ethos and activity offerings of the UAS Community.**
- 1.2. **The School's admission policy adheres to the stipulations of the UAE Federal Law NO 29 of 2006 concerning the Rights of People of Determination.**
- 1.3. **The school's admission policy adheres to the stipulations of the Dubai Law No2 of 2014 concerning the Protection of the Rights of Persons with Disabilities in the Emirate of Dubai.**
- 2.1. **The School's admission policy also adheres to the stipulations of the UAE Executive Council Resolution No. (2) of 2017 Regulating Private Schools in the Emirates of Dubai:**

Article 4 Clause 14: To establish the conditions, rules, and standards that are required to facilitate the enrolment and integration of students with disabilities in Private Schools;

Article 13 Clause 16: To treat its Students equitably and not discriminate against them on grounds of nationality, race, gender, religion, social class or special needs of Students with disabilities;

Article 13 Clause 17: To admit Students with disabilities in accordance with the terms of its Educational Permit, the rules adopted by the KHDA, and the relevant;

Article 13 Clause 19: To provide all supplies required for conducting the Educational activity, including devices, equipment, furniture, and other supplies which the KHDA deems necessary, such as supplies required by Students with disabilities (this does not include 1:1 support for students who require it);

Article 23 Clause 4: To provide a friendly environment and academic programs appropriate for Students with disabilities in accordance with the rules and conditions determined by the KHDA and the concerned Government Entities in this respect.

- 2.5 **Equal treatment:** We welcome children from many different ethnic and racial groups, backgrounds and creeds. Human rights and freedoms are respected. These must be protected by the lawful needs and rules of our School Community and the rights and freedoms of others. All candidates for admission will be treated equally, irrespective of their or their parents' religion, belief, sect, faith, creed, race, color or ethnic origin.
- 2.6 **Inclusion Admission:** The Universal American School is highly committed to being an inclusive school, which admits students with a variety of needs including those who are gifted and talented, students of determination, or have physical, emotional, social, cultural or language challenges.

We welcome families and students who share our American international educational philosophy and who are willing to fully commit to our approaches to learning and teaching, which are based on:

- Challenging international American and IB curriculum frameworks.
- Tolerant and respectful behavioral code.
- Supportive and collaborative home-school partnerships.
- Inclusive and diverse international community.

At UAS we ensure:

- Students are not refused admission based on their exceptionalities.
- All applicants have the right to participate in admission assessment tests.
- All applicants are fairly assessed.
- Collaboration between parents and previous schools to ensure a successful transition.
- Students of determination are provided with appropriate levels of support, accommodations, and curricular modifications in order to access the same educational opportunities as their peers based on the resources available.
- The Admissions team uses the information gained from admissions assessments, other educational assessments and school reports provided to Admissions by the parents at

the time of application to determine the type and level of support appropriate for each student.

- In case of reaching maximum capacity to enroll any students with Inclusion support, the admissions office will manage a waiting list, then will offer once a seat becomes available.

2.6.1 UAS welcomes students of determination and is committed to:

- Ensuring that admission to the school is not conditional upon the submission of a medical diagnosis (DIEPF Standard 1.1).
- Ensuring students are not refused admission based solely on their experience of SEND; (DIEPF Standard 2.1).
- Ensuring students who experience SEND will receive “sibling priority” for admission to a specific school or educational program; (DIEPF Standard 2.2)
- Ensuring that students who experience SEND will be guaranteed the right to receive a quality education and training in all types and phases of schooling across Dubai; (DIEPF Standard 2.3).
- Ensuring that students who experience SEND will be actively supported to participate in the process of learning as they develop their potential, and build relationships with their peers, through social interactions in age-appropriate common learning environments; (DIEPF Standard 2.4).
- Providing access to appropriate provision, resources and curricular options for students of determination.
- Ensuring that students who experience SEND will be provided with the support and curricular modifications required to enable equitable access to educational opportunities; (DIEPF Standard 2.5).
- Ensuring they promote the principle of equity for students who experience SEND (DIEPF standard 2.6).

2.6.2 The school will comply with its legal and moral responsibilities under UAE law, in order to accommodate the needs of applicants.

PARENT DISCLOSURE RESPONSIBILITIES:

2.6.3 The school is committed to making its admissions procedures accessible to students who experience SEND. For this reason, the school needs to be aware of any known disability or special educational need which may affect a child/s ability to participate in the admissions procedures to accommodate applicants who experience SEND and that the school can cater adequately for the student should an offer of a place be made.

- 2.6.4 Parents of a child who experiences SEND should provide the school with full details prior to the admission procedure, at registration, or subsequently before accepting the offer of a place.
- 2.6.5 The school will do all that is reasonable to ensure that the information and application procedure is accessible for disabled candidates and will make adjustments as necessary. For example, the school may be able to provide an examination paper in a larger font for a visually impaired student.

Please see the School Inclusion Policy on our website for further details.
